

OPEN DAY

18th August 2020
2:45pm - 4:15pm

Our beautiful school is situated on 56 hectares of prime river front land. Our mission “making a difference for every student” is realised through a high expectations culture preparing each student to live a healthy life and be a person of outstanding character. This is achieved by modelling the school values of respect, integrity and resilience and having the writing, inquiry, collaboration, organisation and reading skills required for future education and employment.

We pride ourselves on offering the “small school experience”. Students living out of catchment must apply for one of our six Excellence programs which include Signature Academic Excellence, Surf Lifesaving, Loganlea Institute of Sport, Dance, Hospitality and Agribusiness.

Join us on **Tuesday the 18th of August 2020** for a tour and a sausage sizzle. Tours are approximately 1 hour in length and leave every 15 minutes from 2:45pm. Last tour leaves at 4:15pm.
